21. CONTRACT TERMINATION. Any of the following events shall constitute cause for WSCA to declare Contractor in default of the contract: (1) nonperformance of contractual requirements; and/or (2) a material breach of any term or condition of this contract. WSCA shall issue a written notice of default providing a period in which Contractor shall have an opportunity to cure. Time allowed for cure shall not diminish or eliminate Contractor's liability for liquidated or other damages. If the default remains, after Contractor has been provided the opportunity to cure, WSCA may do one or more of the following: (1) exercise any remedy provided by law; (2) terminate this contract and any related contracts or portions thereof; (3) impose liquidated damages; and/or (4) suspend Contractor from receiving future bid solicitations.

- i. The parties shall account for and properly present to each other all claims for fees and expenses and pay those which are undisputed and otherwise not subject to set off under this contract. - ii. Contractor shall satisfactorily complete work in progress at the agreed rate (or a pro rata basis if necessary) if so requested by WSCA;
- iii. Contractor shall execute any documents and take any actions necessary to effectuate an assignment of this contract if so requested by WSCA;
- iv. Contractor shall preserve, protect and promptly deliver into WSCA's possession all proprietary information in accordance with paragraph (31).

Nevada may set off consideration against any unpaid obligation of Contractor to any State agency in accordance with NRS 353C.190.

23. LIMITED LIABILITY. Nevada will not waive and intends to assert available NRS chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Liquidated damages shall not apply unless otherwise specified in the incorporated attachments. Damages for any breach by the Lead State shall never exceed the amount of funds appropriated for payment under this contract, but not yet paid to Contractor, for the fiscal year budget in existence at the time of the breach. Damages for any Contractor breach shall not exceed 150% of the contract maximum "not to exceed" value. Contractor's tort liability shall not be limited.

24. FORCE MAJEURE. In such an event the intervening cause must not be through the fault of the party asserting such an excuse, and the excused party is obligated to promptly perform in accordance with the terms of the contract after the intervening cause ceases. WSCA may terminate this contract after determining such delay or default will reasonably prevent successful performance of the contract.

25. INDEMNIFICATION. To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend, not excluding the State's right to participate, Nevada from and against all liability, claims, actions, damages, losses, and expenses, including, without limitation, reasonable attorneys' fees and costs, arising out of any alleged negligent or willful acts or omissions of Contractor, its officers, employees and agents. Deductibles and Self-Insured Retentions: Insurance maintained by Contractor shall apply on a first dollar basis without application of a deductible or self-insured retention unless otherwise specifically agreed to by the Lead State or Participating States. Such approval shall not relieve Contractor from the obligation to pay any deductible or self-insured retention. Any deductible or self-insured retention shall not exceed five thousand dollars (\$5,000.00) per occurrence, unless otherwise approved.
- e. Policy Cancellation: Except for ten (10) days notice for non-payment of premium, each insurance policy shall be endorsed to state that; without thirty (30) days prior written notice to the Lead State, the policy shall not be canceled, non-renewed or coverage and /or limits reduced or materially altered, and shall provide that notices required by this paragraph shall be sent by certified mail to the address identified on page 1 of the contract.
- f. Approved Insurer: Each insurance policy shall be:
 - 1) Issued by insurance companies authorized to do business in the Lead State and Participating States or eligible surplus lines insurers acceptable to the Lead State and Participating States and having agents upon whom service of process may be made, and

Review and Approval: Documents specified above must be submitted for review and approval by the Lead State prior to the commencement of work by Contractor. Neither approval by the Lead State nor failure to disapprove the insurance furnished by Contractor shall relieve Contractor of Contractor's full responsibility to provide the insurance required by this contract. Compliance with the insurance requirements of this contract shall not limit the liability of Contractor or its sub-contractors, employees or agents to the Lead State or others, and shall be in addition to and not in lieu of any other remedy available to the Lead State or Participating States under this contract or otherwise. The Lead State reserves the right to request and review a copy of any required insurance policy or endorsement to assure compliance with these requirements.

Mail all required insurance documents to the Lead State identified on page one of the contract.

28. WAIVER OF BREACH. Failure to declare a breach or the actual waiver of any particular breach of the contract or its material or nonmaterial terms by either party shall not operate as a waiver by such party of any of its rights or remedies as to any other breach.

29. SEVERABILITY. If any provision of this contract is declared by a court to be illegal or in conflict with any law, the validity of the remaining terms and provisions shall not be affected; and the rights and obligations of the parties shall be construed and enforced as if the contract did not contain the particular provision held to be invalid.

30. ASSIGNMENT/DELEGATION. To the extent that any assignment of any right under this contract changes the duty of either party, increases the burden or risk involved, impairs the chances of obtaining the performance of this contract, attempts to operate as a novation, or includes a waiver or abrogation of any defense to payment by State, such offending portion of the assignment shall be void, and shall be a breach of this contract. Contractor shall not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this contract, in whole or in part, without the prior written approval of the WSCA Contract Administrator.

31. OWNERSHIP OF PROPRIETARY INFORMATION. Contractor may label specific parts of an individual document as a "trade secret" or "confidential" in accordance with NRS 333.333, provided that Contractor thereby agrees to indemnify and defend the State for honoring such a designation. The failure to so label any document that is released by the State shall constitute a complete waiver of any and all claims for damages caused by any release of the records.
34. CONFIDENTIALITY. Contractor shall keep confidential all information, in whatever form, produced, prepared, observed or received by Contractor to the extent that such information is confidential by law or otherwise required by this contract.

February 17, 2011

Ms. Gail Burchett
State of Nevada
Department of Administration

515 E. Musser Street, Ste. 300
Carson City, NV 89701

**Re: Letter of Clarification
Request for Proposal No. 1862**

Dear Ms. Burchett:

Fastenal Company ("Fastenal") sincerely appreciates the opportunity to respond to the Western States Contracting Alliance's ("WSCA") request for proposal for facilities maintenance, lighting products, industrial supplies and tools. Fastenal has examined the needs of WSCA and its individual members very closely and we are ecstatic about the opportunity to share our proposal with you.

Naturally, there are a few terms within the request for proposal that Fastenal would like to clarify. We have itemized them for your convenience below and would appreciate your consideration of each as a condition of our acceptance of a bid award.

RESPONSE TO REQUEST FOR PROPOSAL

Section 3.2 F.O.B. Destination (Page 9 of RFP)

- (1) Please amend this section to read as follows:

"Prices for all In-Stock Products associated with this contract are to be FOB Destination anywhere within the Participating States or geographic area offered. Alaska and Hawaii may require an additional shipping charge for Products not In-Stock at the local store or not In-Stock at the Primary Distribution Center of the Participating State. Any expedited or emergency deliveries requested by the Authorized Purchaser outside the Guaranteed Delivery Times for In-Stock Products may require additional shipping charges."

Section 4.4. DELIVERY (*page 12 of RFP*)

- (1) Please amend this section to read as follows:

Delivery time for In-stock Products should not exceed 24-48 hours for all points within the Participating States. "In-Stock Products" are defined as any Product listed in the WSCA custom online catalog and available throughout Proposer's then current inventory

Non-stocked Products must be delivered within 10 working days. Non-Stock Products are defined as any Products that are temporarily out of stock throughout the Proposer's then current inventory, but are available and will be delivered within 10 days from the date of order.

Section 4.4.3 MSDS (*Page 13 of RFP*)

- (1) Please amend this section to read as follows:

"Proposer shall make MSDS sheets continuously available for all Products on its website or upon request at any store location."

Section 4.5 Shipping (*Page 13 of RFP*)

- (1) We would like to modify and clarify this Section by adding the underlined phrases as follows:

Contractor will receive a reasonable period of time, but not more than six months from the effective date of this contract, to develop a system to include the above information on the outside of the package or packages delivered under this contract.

Regarding the identification on a packing slip of any Backordered items, Number of Parcels and F.O.B. Destination information, Contractor will receive a reasonable period of time, but not more than six months from the effective date of this contract, to develop a system to include the information underlined above on the packaging slips delivered under this contract.

Section 7.1 PRICING (Page 18 of the RFP)

- (1) In section 7.1.1, because the categories as stated in Attachment I and the product mix reflected in the market basket may not accurately describe the categories as identified within Fastenal's Big Blue volume 10 catalog and the WSCA custom online catalog, the following clarification is provided: Contractor will receive a reasonable period of time, but not more than six months from the effective date of this contract, to develop product categories that match the categories established under the contract.

In the interim, the Proposers WSCA custom online catalog will identify market basket items with the product categories that have been established under this contract. The product category identifier will be listed as a separate unique component of the respective item on the WSCA custom online catalog and can be accessed by a Participating User for comparison purposes and/or restricting category offerings.

The following discount structure is provided within exhibit #2 to identify the discounts for categories within Fastenal's Big Blue volume 10 catalog and the WSCA custom online catalog.

Section 11.9 TERMS, CONDITIONS AND EXCEPTIONS (Page 26 of RFP)

- (1) Proposer may provide a wide variety of goods and materials that are beyond our WSCA custom online catalog offering. These non-WSCA custom online catalog items may be purchased from Proposer as Sourced Products and these purchases will be subject to "Fastenal Sourced Product Terms and Conditions" as contained in EXHIBIT #3.

**MODIFICATIONS TO THE
MASTER SERVICE AGREEMENT**

Section 16 DELIVERY (Page 38 of RFP)

- (1) Please modify this Section by removing the strike though phrases and adding the underlined phrases as follows:

The prices proposed shall be the delivered price to any Participating State, agency or political subdivision. All deliveries of In-Stock and Non-Stock products shall be F.O.B. destination with all transportation and handling charges paid by the Contractor, excluding Sourced Products. Delivery times will be based on the Delivery Time for In-Stock and Non-Stock Items set forth in

Section 4.4 the Contractor's Solicitation Proposal. Responsibility and liability for loss or damage shall remain with the Contractor until final inspection and acceptance, when responsibility shall pass to the Buyer except as to latent defects, fraud and Contractor's warranty obligations. Any portion of an order to be shipped without transportation charges that is back-ordered shall be shipped without charge.

Section 17 HAZARDOUS CHEMICAL INFORMATION. (page 38 of RFP)

- (1) Please replace the language in Section 17 with the following language:

"Contractor shall make material safety data sheets continuously available for all Products on its website or upon request at any store location."

Section 35. WARRANTIES. (page 41-42 of RFP)

- (1) Please replace the current section in its entirety with the following Warranty:

"Contractor warrants that all products shall be free from any defects in material or workmanship and in conformity with Buyer's written specifications for a period of one year after delivery. Buyer shall inspect Products within a reasonable time (not to exceed 10 days) after receipt, and shall promptly notify Contractor of any claimed defect or nonconformity. Neither acceptance nor payment for products shall waive the right of inspection or the right to return defective or nonconforming products where the nature, quantity or packaging of Products makes immediate inspection impracticable. Upon Contractor's receipt of written notice from the Buyer and as an exclusive remedy, Contractor shall promptly correct or replace, at Contractor's option, any defective or non-conforming products and the direct and necessary cost of such correction or replacement shall be borne by Contractor. Correction shall be made or replacement products shall be delivered by Contractor within the on-time period applicable to the original purchase order, unless prevented by conditions not subject to Contractor's control. This warranty will not be applicable in the event of the improper selection, misapplication or misuse of the product by Buyer and any liability from such events is disclaimed by Contractor. Fastenal makes no warranties to those defined as consumers in the Magnuson-Moss Warranty-Federal Trade Commission Improvement Act.

THE FOREGOING WARRANTIES ARE IN PLACE OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED AND SELLER EXPRESSLY DISCLAIMS ANY OTHER WARRANTIES, INCLUDING

2001 Theurer Boulevard

WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

EVERY CLAIM UNDER THIS LIMITED WARRANTY SHALL BE DEEMED WAIVED UNLESS WRITTEN NOTICE IS GIVEN TO SELLER WITHIN SIXTY (60) DAYS AFTER THE DEFECT TO WHICH EACH CLAIM RELATES IS DISCOVERED, OR SHOULD HAVE BEEN DISCOVERED.

LIMITATION OF LIABILITY. ANY LIABILITY FOR CONSEQUENTIAL AND INCIDENTAL DAMAGES IS EXPRESSLY DISCLAIMED. CONTRACTOR'S LIABILITY IN ALL EVENTS IS LIMITED TO, AND SHALL NOT EXCEED THE PURCHASE PRICE PAID."

Attachment BB - INSURANCE SCHEDULE

- (1) Please delete the Professional Liability Insurance Section located on page 1 of 3;

If these clarifications are not acceptable or are deemed non-responsive, please contact me at (507) 313-7011 so that we may discuss alternative language or approaches to addressing these items.

Sincerely,

EXHIBIT # 3

Fastenal Sourced Product Terms and Conditions

Non-Standard Products

Fastenal will make available to Customer products that are not available through the Fastenal's current WSCA Catalog. These products are generally defined as a product that has not been assigned in Fastenal's current WSCA Catalog or any products that are designed by or for a customer via a print for the Customer's specific use and Seller is required by the Customer to maintain larger quantities of the product than would normally be stocked by Fastenal. The parties will exercise good faith efforts to identify the goods that will be designated as Sourced Products.

Pricing

The pricing applicable to any Sourced Products ordered and delivered to the Customer will be based on current market conditions, competitive factors, volume commitments, lead times for delivery and related requirements imposed by the Customer. Fastenal will exercise reasonable commercial efforts to help achieve optimal pricing for the Customer based upon these customer and market factors. In certain cases, Customer may be able to receive static negotiated pricing for Sourced Products, provided the Customer commits to ordering and purchasing certain volumes over a designated period of time.

Freight

Freight is FOB shipping point, prepaid and billed to the Customer, to locations within the Continental United States. Any shipments outside the Continental United States will be the responsibility of the Customer. Emergency deliveries and shipments of hazardous materials may incur additional charges or premium fees and special costs that will be the responsibility of the Customer and shall be paid by the Customer.

Warranty and Disclaimer

SELLER'S LIMITED WARRANTY DOES NOT APPLY TO SOURCED PRODUCTS PURCHASED BY CUSTOMER. WARRANTIES PROVIDED BY THE MANUFACTURER OF THE SOURCED PRODUCTS, IF ANY, WILL BE PASSED THROUGH TO THE CUSTOMER, TO THE EXTENT PROVIDED UNDER APPLICABLE LAW. SELLER'S STANDARD LIMITED WARRANTY DISCLAIMER AND LIMITATION OF LIABILITY PROVISION WILL APPLY TO SOURCED PRODUCTS. Seller will reasonably assist the Customer with obtaining or verifying warranty information from the manufacturer concerning the Sourced Product and confirming application or extension of such warranties; however, Seller will not be responsible or obligated to enforce or honor any warranties extended by the manufacturer of the Sourced Products.

Returns and Cancellation of Order

Sourced Products ordered and delivered to the Customer are non-returnable and non-refundable, excluding non-conforming items. Sourced Products that have been ordered by the Customer and are non-cancelable by the manufacturer, Customer must accept and pay for the delivered quantities, excluding non-conforming items. If Customer requests to cancel a Sourced Product order prior to shipment or delivery, Seller will exercise reasonable commercial efforts to discontinue the production of the items by the manufacturer. However, Customer will be responsible for any restocking fee or costs imposed by the manufacturer related to the cancellation of the Sourced Product. In the event the Customer requests Seller to stock and maintain an inventory of certain quantities of Sourced Product for Customer, Customer agrees to purchase all remaining Sourced Products maintained by Seller in its inventory at the time the contract is terminated or within thirty (30) days after Customer discontinues use of the Sourced Product.
